PRODUCT DESCRIPTION

All 12v products require a constant voltage power supply and should be wired in parallel. IP rated pre-wired power supplies are also available for 100-350w.

COMPATIBILITY CHART

CODE	MAX LOAD
SL-LED4.8	11M
SL-LED7.2	7M
SL-IP654.8	11M
SL-IP657.2	7M
SL-IP684.8	11M
SL-IP687.2	7M
GL102-RGB	1-100
GL108	1-100
GL0140-RGBW/WW	1-15
ML103-RGB	1-30

PRODUCT FEATURES

- 12v constant voltage LED driver
- Pre-wired connections
- For use with 12vDC LED luminaires
- For indoor use or within an enclosure
- PC housing
- Dual terminals on input and output
- Mounting tabs for securing to a flat surface
- Wire direct to LED or to a T-CON5 for 12v colour changing LED
- Do not exceed 90% load of the driver
- Suitable for interior architectural, retail and commercial applications.

PRODUCT DATA

Model	T-60W-12VDC
Power	60w
Output Voltage	12v constant voltage,
Output Current	5000 mA max
Input	220 - 240v 50/60Hz
Temperature	Ta: 45° C Tc: 85°C
Protection	IP20
Dimensions	L 175mm W 50mm D 38mm
Weight	0.2kg
Approvals	CE ROHS

12v LED Strip

Will power up to 7m of 7.2w/m or 11m of 4.8w/m
FLEX20 / FLEX65 / AQUAFLEX

INSTALLATION

Please follow installation guide
